

This is a guide to help you visualise the colour and is not an exact representation. The final result may vary depending on your room's lighting, wall texture, the finish you choose, and your screen's colour settings.

ABOUT THIS COLOUR

Imagine the soft luminescence found in late spring skies near gentle waterways. Dresden Dream is an aqueous blue green, whisper light and utterly soothing. It possesses a subtle hint of pale sea glass mingled with the washed tones of distant mist. This shade evokes profound calm, like sinking into cool bathwater after a long day's journey.

Tranquility, serenity, gentle optimism, peaceful escape.
