This is a guide to help you visualise the colour and is not an exact representation. The final result may vary depending on your room's lighting, wall texture, the finish you choose, and your screen's colour settings.

ABOUT THIS COLOUR

Imagine the soft glow of a hearth at dusk. Glowing Firelight is a warm earth tone, rich and inviting like spiced terracotta mixed with the mellowing amber of sunset. It hints at rustic romance and grounding comfort.

This shade evokes warmth, coziness, and deep contentment. It brings to mind gathered friends around a fire pit, or the gentle promise of autumn evenings. Using it makes a space feel instantly welcoming and intimate...
