This is a guide to help you visualise the colour and is not an exact representation. The final result may vary depending on your room's lighting, wall texture, the finish you choose, and your screen's colour settings.

ABOUT THIS COLOUR

A warm earthy tone, Cinnamon Stone is reminiscent of sun baked terracotta and spice scented wood. It carries the gentle depth of antique pigments combined with the richness of autumnal woods. This shade evokes a sense of comforting permanence, an immediate feeling of groundedness and quiet luxury.

It suggests cozy evenings by a fireplace, natural sunlight filtering through old stained glass, and the welcoming warmth of spices. It is sophisticated yet immensely comfortable, making any space feel both...
