ABOUT THIS COLOUR

Black Leopard is an intensely sophisticated shade, deep and muted like polished obsidian, but with an underlying complexity that keeps it from being flat black. It absorbs light beautifully while offering a rich depth. This neutral colour has subtle hints of cool charcoal and dark slate within its grey matrix, giving it personality. When applied to interior spaces, it creates instant drama and luxury. Black Leopard doesn't...

Mystery, elegance, sophistication, depth, drama, modernity. It evokes the feeling of an exclusive penthouse or a chic speakeasy, grounded in luxury but possessing a quiet edge.
