

This is a guide to help you visualise the colour and is not an exact representation. The final result may vary depending on your room's lighting, wall texture, the finish you choose, and your screen's colour settings.

ABOUT THIS COLOUR

This ethereal pale creamy neutral is soft and sophisticated. Crescent Moon evokes feelings of calm tranquility and gentle light, much like dawn breaking or moonlight falling on undisturbed silk. It provides a serene backdrop, allowing both artwork and furnishings to take center stage without ever feeling stark or cold. Imagine the quiet comfort of an early morning nap, or the delicate warmth of aged parchment.

Calmness, tranquility, sophistication, light, gentle warmth, serenity.
