This is a guide to help you visualise the colour and is not an exact representation. The final result may vary depending on your room's lighting, wall texture, the finish you choose, and your screen's colour settings.

ABOUT THIS COLOUR

This soft neutral shade evokes the gentle warmth and muted tones of pebbles washed by the sea. Jurassic Coast is an understated elegance, a perfect backdrop for both artwork and furnishings. It brightens a room without overpowering it, creating a calm and airy atmosphere. We suggest pairing it with deeper blues or crisp whites to really make its subtle beauty sing.

Tranquility, warmth, coastal calm, natural ease.
